# German TV presenter opens the doors of her Mallorca Home

POPULAR GERMAN TV PRESENTER ESTEFANIA KÜSTER MOVED TO MALLORCA IN 2007 AND HAS NOW OPENED A NEW DESIGN STUDIO IN PORTALS NOUS. HERE SHE OPENS THE DOORS FOR HOME COUTURE TO HER OWN HOME IN CALVIÀ...

Born in Asuncion (Paraguay) in July 1979, to a Paraguayan mother, Estefania Küster Peña moved to Hamburg when she was six, with her German father and two sisters.

She went on to become an occasional theater actress and a presenter on German TV, and currently lives on Mallorca with her six-year-old son and her partner Pino Persico, who runs Campino restaurant in Camp de Mar and Campino bar in Puerto Andratx.

One of the main reasons she moved to Mallorca was the Mediterranean lifestyle: she felt it was more suitable for her "southern temperament" and Latin American roots. As the mother of a young boy, choosing the right environment for him to grow up in was essential. The combination of sunny weather, excellent flight links to Germany, a good school and her relationship with Pino made the decision to live permanently on Mallorca "very easy".

A lifelong passion for colours, design and decorating made it an easy decision to dedicate more time to the things she is truly passionate about: she has a vibrant and

vivacious personality, with formidable energy and a real affinity for interiors and creating welcoming atmospheres.

Over the last few years she has studied interior design, accumulating as much knowledge and experience as possible. After working on several projects in between her television work until 2011, she felt experienced enough to establish a Spanish-based interior design company.

She now works on residential and commercial interior design projects in Spain and Germany and combines her work with a television format based on interior decoration of luxury houses, her own design range of living accessories and a new column in Home Couture.

# THE ART & DESIGN STUDIO

ESTEFANIA KÜSTER PEÑA AND ARTIST AND FELLOW DESIGNER CLAUDIA VANESSA FALLIS ESTABLISHED THEIR STUDIO IN PUERTO PORTALS, THE IDEAL SPACE TO SHARE THEIR PASSION FOR CREATIVITY.

Of American and British origins, Claudia Vanessa Fallis has lived and worked on Mallorca for the last 18 years. She studied interior design at the Escuela Blau and furniture design at the Escuela Bellas Artes in Palma de Mallorca. She has worked on various interior design projects and set designs for film and television productions, though in recent years has dedicated her time and passion more towards painting. That is, until she met Estefania.

Both mothers, with sons of the same age in the same class at the same school, they realised they had a shared passion for interiors, design and art when they both became so excited over the newest design magazine!

Finally finding somebody who

shared the same enthusiasm and could obsess over the fine nuances of colours, Estefania saw in Claudia a kindred soul – and vice versa. “A new dynamic was born.”

They began the search for a place they could share, one that was practical for all their needs and in a convenient location. As luck would have it they found their ideal place in the same street as their boys’ school.

“So it was a case of mornings, drop off the boys, quick coffee with other mothers and then into the studio,” says Estefania. “Get as much done as humanly possible and then cross the road and pick up the boys again. Any working mother will tell you how essential these practicalities are. We call them luxuries!”
